Sun Ridge Systems, Inc

**To:** Asst. Chief Bodie Golla, City of Ely Fire Department  
**From:** Carol Jackson  
**Subject:** Quotation for RIMS Software  
**Date:** April 23, 2019

The following is a quotation for RIMS software based upon your recent request to Bryan Morehouse. The price for In-Station Mapping software includes licenses for the WPCSO since it is assumed they will be using these maps in dispatch on your behalf.

| Item  | Price           |
|---|-----------------|
| RIMS In Station Mapping Software (See Mapping note) | \$11,000        |
| iRIMS Fire Mobile App Software                      | \$4,000         |
| Mapping Data Engineering Services                   | \$2,500         |
| Installation via Phone and Remote Access            | \$1,640         |
| First Year Support and Updates                      | \$2,580         |
| <b>TOTAL</b>  | <b>\$21,720</b> |

iRIMS/Fire will run on the Apple iPhone and iPad plus Android phones and tablet computers.  
iRIMS/Fire is not a substitute for Mobile RIMS nor is it "RIMS" running on an iPhone or iPad device.  
iRIMS/Fire is a mobile app with a rapidly expanding portfolio of RIMS functionality.

**Mapping.** Our In Station Mapping product requires ESRI ArcView or Google maps. Our price does not include the cost of the ArcView licenses. ESRI ArcView maps require a source data file provided by you. If you choose to use Google Maps as your map source, Sun Ridge Systems pays the licensing fees to Google; there is no charge to you.

If you purchase ArcView, you will need one copy of ArcView GIS v10.1 (or later) that can be used for the first position, and then a copy of ArcGIS 10.1 (or later) Engine for each additional in-station that will use RIMS Mapping.

If you choose to use Google Maps exclusively, the "Map Data Engineering" can be deducted from this quotation.

This quotation is valid for 90 days and may change thereafter. If you have any questions please call me at 800-474-2565. Thank you for your continued interest in RIMS.

**7. Locomotive 81 Status – Locomotive 81 is back in service!**

**We now have two operating steam locomotives once again!**

**8. 201 – 401 Bring'em Home**

We have been offered the chance to bring home - not one, but two of our original, very significant diesel locomotives, Locomotive 201 and Locomotive 401!

But, there is a catch! We will have to pay the transportation costs to bring'em home. The estimated cost of the move is just over \$250,000. As of October 12, we raised an incredible \$112,589! That covers 450 miles of our 1,008 mile trip or 45%!

## 9. Southern Nevada Public Lands Management Act (SNPLMA) Round 18 Grant.

White Pine County has been awarded a \$10,168,421 Southern Nevada Public Lands Management Grant (SNPLMA) grant to open the Nevada Northern Railway track to the McGill Depot!

The project is multi-faceted:

- Rehabilitate and restore to operation 16.35 miles of historic railroad track from Ely to McGill Nevada, including the highway railroad crossings to Federal Railroad Administration Class 2 standards.
- Complete the McGill Depot restoration to include three restrooms.
- Build a parking lot at the McGill Depot 10,000-15,000 square feet with lighting.
- Build a railroad turntable at the McGill Depot to turn the locomotives around.
- Build a .5 to a .8 mile lighted walking trail with outdoor displays at the McGill Depot area.
- Combine the existing trail system parallel to the railroad's right-of-way with six designated safe crossings of the railroad track.
- Grade 10,000 feet of a multiuse trail within the railroad right of way between Ely & McGill joining existing trails located on BLM land.
- Purchase four electric-railbikes.
- Install directional signage for trail users along the trail system.
