review. Any party may oppose the motion and the petitioner may reply to any such opposition. In determining whether to grant or deny the motion for a stay, the court shall consider:

- (a) Whether any nonmoving party to the proceeding may incur any harm or hardship if the stay is granted;
- (b) Whether the petitioner may incur any irreparable harm if the stay is denied;
- (c) The likelihood of success of the petitioner on the merits; and
- (d) Any potential harm to the members of the public if the stay is granted.

6. Except as otherwise provided in this subsection, the petitioner must file a bond in an amount determined by the court, with sureties satisfactory to the court and conditioned in the manner specified by the court. The bond must be filed within 5 days after the court determines the amount of the bond pursuant to this subsection. If the petitioner fails to file the bond within that period, the stay is automatically denied. A bond must not be required for a public agency of this State or a political subdivision of this State.
