Hi Jennifer

CDBG has reviewed City of Ely's proposed 2027 CDBG projects submitted through ZoomGrants. Please see below for the eligibility determinations for each proposed project:

- E 15th St. and Fay Ave Waterline project – Approved
- City Hall ADA Improvement Project – Denied
    - This project is denied because CDBG funds cannot be used for buildings for the general conduct of government.

Additionally, please ensure that you contact your Regional Development Authority (RDA) to request a letter of recommendation for the projects you intend to submit. We encourage you to reach out as soon as possible to allow sufficient time for the RDA to review the projects and prepare their recommendations.

Also keep in mind that GOED has identified economic development as a funding priority, with particular emphasis on water and sewer infrastructure. Accordingly, application for water and sewer will be reviewed and recommended for funding before applications in other categories.

Please let us know if you have any questions or need additional clarification.

Thank you
