January 2026 Training Report

City of Ely Fire Department

Overview

Fire Department training activities for the month of January focused primarily on **Firefighter CPR certification** and **Emergency Medical Services (EMS) recertification**. January traditionally coincides with the City of Ely Fire Department's annual EMS refresher course, making it a critical month for maintaining provider readiness and state licensure.

Training Conducted

The following in-house training sessions were offered:

- **Firefighter CPR Training**
Thursday, January 22
 - 9 City of Ely Fire Department attendees
- **Annual EMS Refresher Course**
Friday, January 23 – Sunday, January 25
 - 14 City of Ely Fire Department attendees
 - 5 White Pine County attendees

Training Outcomes

The Annual EMS Refresher Course was highly successful, with strong participation from both City of Ely and White Pine County personnel. This refresher provided EMS providers with the required continuing education credits necessary to maintain and recertify their **Nevada State EMS licenses**.

Instruction was delivered by a diverse group of subject matter experts, including professionals from:

- Hospital-based healthcare settings
- Air medical transport services
- Law enforcement agencies
- City of Ely & White Pine County Certified EMS Instructors

These training sessions ensure department personnel remain current on the latest medical protocols, procedures, and best practices, directly supporting the department's mission to deliver the **highest level of emergency medical care** to the community.
