ELY CITY COUNCIL REGULAR MEETING

March 13, 2025, 5:00 p.m. – Ely Volunteer Fire Hall – 499 Mill Street – Ely, Nevada

1. Mayor Robertson called the regular meeting of the Ely City Council to order at 5:02 P.M. Joshua Beck offered an invocation. Mayor Robertson led in the Pledge of Allegiance and asked for Roll Call.

Members present:

- Mayor Nathan Robertson
- Councilman Terrill Trask
- Councilwoman Melody Van Camp
- Councilwoman Samantha Elliott (Zoom)
- Councilman Dennis Perea
- Councilwoman Jerri Lynn Williams-Harper

City Officials and staff present in the building or via video conference:

- City Clerk Jennifer Lee
- City Treasurer-HR Director Janette Trask
- City Public Works Director Mike Cracraft
- City Engineer B.J. Almberg
- City Building Official Don Hendrickson
- City Attorney Chris Arabia
- City Police Chief Scott Henriod
- City Municipal Court Judge Mike Coster (Zoom)
- City Administrative Assistant Patti Cobb

Also, in attendance: Members of the public in attendance at the Ely Volunteer Fire Hall signed in (appears below) and the following people attended via video conference: Geri Wopschall, Caroline McIntosh, Paula Carson, Eugene Harper, Pat Robison, and Marietta Henry.

2. PUBLIC COMMENT

Mitch McVicars stated I'm here on behalf of the Trap Club and the Archery Club regarding agenda item 6-B for the grant application through NDOW. We've been working on this project since we set up the drill rig in April of 2019, and it's been an ongoing project. I just want to help and support the project. Thank you for taking the time to go over it, we appreciate it.

George Chachas stated on your agenda item 7A-2, payment of bills, you are paying \$299.00 to Terrell Trask for vendor number 14637; to you Mayor, \$299.00 for vendor number 14378, \$299.00 to Jennifer Lee for vendor number 11798; and \$299.00 to B.J. Almberg for vendor number 14998 a non-City employee, but a contractor. What is that money for? I want to know.

3. Mayor – Discussion/For Possible Action – Approval of Agenda, including removal of agenda items.

Councilman Trask asked that B-3 be removed.

Councilman Perea moved to approve the agenda removing item B-3. Councilwoman Van Camp seconded the motion. The motion carried unanimously.

4. CITY DEPARTMENT REPORTS

➤ CITY CLERK

City Clerk Lee stated Mayor Robertson, Councilman Trask, City Engineer Almberg and I were able to meet with each member of our Congressional delegation this week. One of the topics was specifics on our grant issues that we are experiencing with federal funding right now. They were all very receptive, provided good information on those problems, and we'll keep working through those with them.

➤ CITY ATTORNEY

City Attorney Arabia stated I just wanted to let people know that on the criminal side everything is going very well. DUI's are my top priority, domestic battery would be as well, except we haven't really had much of that lately, which is nice. The federal trial that I was going to be a witness in, the former Nye County sheriff's officer took a plea deal, so I will be here in person on the 27th. I'm happy to say I got a nice mention in the RJ Article about it today. More pertinent to Ely, we're sending letters out basically letting the people with liens know that they have to pay. There was an update from Washington regarding the Pump Storage Project. There's been another delay, which is a good thing for Ely. The deadline has been pushed out to January 31 2026, and I've been in touch with the lawyer in Washington who's handling that. He wrote a couple of very effective bits of correspondence with relation to that. The last thing is I have been speaking to someone from the White Pine High School, and we don't know if it's going to be this semester or next year, but I'm going to go and speak at least once. I think that it will be a nice opportunity to tell some young people about what we do in the City Attorney's office and in the law generally.

Monthly Operations Report for February 2025

1. Locomotive Status – Updated
 - a. Locomotives in service: 55, 93, 109, 204, 310, 801, Wrecking Crane A & Rotary B.
 - b. Locomotive 81 is out-of-service with running gear and boiler issues. The staff and volunteers have done incredible work on Locomotive 81. The Federal Railroad Administration was here and passed all of the boiler repairs.
 - c. Locomotive 40 is out of service for her heavy repairs. We have started on her repairs, she will be out of service until 2025.
 - d. Locomotives out of service needing moderate repairs: #201 and #802
 - e. Locomotives waiting funding for restoration: Steptoe Valley Smelting and Mining #309 and Rotary Snowplow B (for boiler overhaul.)
 - f. Locomotives out of service needing heavy repairs #80 and the military locomotives.
3. Rolling Stock Status – Updated
 - a. Passenger equipment in service: #07, #08, #09, Flatcar #23, Baggage/RPO #20, Outfit Car #06.
 - b. Passenger Coach 5, painting is complete. Next issue is rebuilding the coach steps and lettering the car.
 - c. Passenger equipment out of service: #10, #2 and #05 needing heavy repairs.
 - d. Caboose in service: #3 and #22 are operational.
 - e. Caboose out service: #5 and #6. Caboose #6 needs a 50-year waiver.
4. Track Status – No change
 - a. Keystone Branch is open.
 - b. Adverse Branch is open.
 - c. Museum Branch is open.
5. Ridership and Ticket Sales – Updated
 - a. In February we carried 193 passengers, this was an increase of 50% compared to the previous year.
 - b. This year we have carried 379 passengers, this was an increase of 42% compared to the previous year.
 - c. Since operations began in 1987, we have carried 380,487 passengers.
6. Economic Impact – The average non-gaming & gaming daily expenditure per overnight visitor \$170. Economic impact for February 2025 was 193 x \$170 = \$32,810.

Award Winning Destination

Best Adrenaline Rush in Rural Nevada – 2020
Best Historic Railroad of the West – 2023, 2022
Best Museum in Rural Nevada – 2022, 2020, 2017, 2016, 2014, 2013, 2010, 2009, 2008
Trip Advisor Certificate of Excellence – 2024, 2023, 2022, 2021, 2020, 2019, 2018, 2017, 2016, 2015, 2014
Best Place to Take the Kds in Rural Nevada - 2020, 2019, 2018, 2015, 2014, 2013, 2012, 2011, 2010, 2009, 2008, 2007

The car is powered by a Chevy 396 CI V-8 and can carry 40 passengers.

The car has already been used in service and lived up to our expectations. Our current plan is to leave it in its current paint scheme but change the letterboard lettering from Secret Valley Traction Company to Steptoe Valley Traction Company.

We are beginning to develop gift shop items. We are following the lead of the California Western Railroad. The railroad purchased a Doodlebug back in the day and because of its smelly exhaust the locals began calling it the Skunk. Today the railroad is known as the Skunk Train and has lots of logoed merchandise featuring a skunk.

6. REPORTS

➤ COUNCILMAN PEREA

Councilman Perea stated I attended the tax revenue training in Carson City, and I think what I learned for certain is it's overly complicated how they pass that money down, but definitely educational.

➤ COUNCILWOMAN WILLIAMS-HARPER

Councilwoman Williams-Harper stated I also attended the tax revenue training in Carson City. I am still learning so it was great to be able to go.

➤ COUNCILWOMAN VAN CAMP

Councilwoman Van Camp stated I stayed in town and on Wednesday, March 5th I attended the community history gathering. It was the third in the series of three put on by the Bristlecone Convention Center. There was lots of discussion on our rich history and outdoor recreation; this discussion was the best of three. Two-thirds of all spending in White Pine County comes from tourists and visitors, and tourist dollars equals money for all of us. On March 11th I attended the Radon Education Seminar that was put on by the White Pine County Extension office. All of White Pine County is very high in concentrations of radon levels. Radon is a colorless, odorless, tasteless, radioactive gas and it's produced by the decay of uranium in the ground. For more information you can contact JJ At the Extension office. I did go to Mardi Gras in Baker; It was very good.

➤ COUNCILMAN TRASK

Councilman Trask stated I've had the pleasure of being in Washington DC for the beginning of this week. We took off this morning at one o'clock, so it's been a long day already, I can tell you that. It was very informational being able to meet with all of our members and them letting us voice our concerns and getting updates of where things stand. They're very open to us, reaching out to them and working with us. Clerk Lee, I believe, is going to be sending a very detailed list pretty soon of some of the funds that are up in the air right now. I want to express thanks to the Porter Group, because they

really were a great host, got us into a lot of doors, and provided us with the opportunity to have some great conversations. I'm very thankful for the experience, and thank you guys for letting me go, it was very beneficial.

➤ **MAYOR ROBERTSON**

Mayor Robertson stated I was also in Washington DC, and I do really appreciate staff coming with us. Clerk Lee and our City Engineer were instrumental in making sure a lot of those detailed issues that we have got communicated adequately and we couldn't have done it without them. I appreciate Councilman Trask coming as well. I thought we had a good showing. We were able to participate some with the Nevada League of Cities that was also there. There is a lot changing and a lot moving so keeping on top of that and making sure those funds that have been committed to projects here in the City is an important thing.

7. ITEMS FOR DISCUSSION/POSSIBLE ACTION ONLY OF THE ELY CITY COUNCIL.

Mayor Robertson stated I will note that those expenditures that were brought up during public comment were per diem, for travel, for those four individuals this past week. I will also disclose my husband is a member of the Volunteer Fire Department and is not treated any differently than any of the others so I will not be abstaining, and I also don't vote.

Councilwoman Van Camp stated I would like to disclose my granddaughter is an employee of the City of Ely Fire Department.

Councilman Trask stated I would like to disclose my name is on the bills for reimbursement for per diem for this last week.

A. CONSENT AGENDA

MOTION: Move to approve the Consent Agenda item 7A-1 Minutes and 7A-2 Bills.

Moved by: Councilwoman Van Camp Second by: Councilman Trask Vote: Unanimous

1. Discussion/For Possible Action – Minutes.
 - February 27, 2025
2. Discussion/For Possible Action – Bills.
 - February 26, 2025
 - March 5, 2025

B. NEW BUSINESS

1. Mayor Robertson – High School Hope Squad Representative(s) – Discussion/For Possible Action – Approval of a Proclamation declaring March 21, 2025 “Day of Hope” in the City of Ely.

Megan Van Tassell stated I am a teacher at the White Pine School District, and I am the advisor for the Hope Squad, which is a pilot program we started at the High School this year. I will let two of my students tell you what the Hope squad is and what we're doing.

Everlyse Wallace stated a lot of people also know me as D.J. The Hope squad essentially, is a bridge between students and help for mental illness. There's a lot of suicide issues like self-harm problems, and suicidal ideation. There are also a lot of anxiety problems and depression issues among high school students. Basically, what the Hope Squad does is provide easier people to talk to so that kids who need help can get it.

Noah James stated I am a member of Hope Squad at White Pine High School. As a group we have been collectively planning a whole week, which is Monday, March 17th through Friday, March 21st with fun interactive events for all the students at White Pine High School. Friday, March 21st, is a community event that we are planning. which I will let Ms. Van Tassel tell you about in detail.

Hope Squad Advisor Megan Van Tassell stated for a community event; we're working in collaboration with the You are not Alone, Together we Belong Committee, which is a

community committee focused on building unity and togetherness within the entire community, not just the schools. We will be having a scavenger hunt that everybody will follow on an app, and then they will come back to the high school and paint a rock with some kind of hope message. The Hope squad will ensure that those rocks get placed randomly throughout town and moved so that they are little messages of hope everywhere throughout the community, just as a reminder that no one is alone. Our goal is to help people understand that they are not alone, and that there are people who can help them. Again, the student's purpose in this is to be a liaison. They are not doing any kind of counseling but are trained to bring members to listen to the problems of the kids and ensure that they get to an adult that can help them. On the evening of the 17th there will be a gatekeeper training which is training on suicide awareness for adults and community members. If you would like to, you can register for that online. It is a training that I went through to be a Hope Squad advisor. We teach people what to look for and help. You will understand what things are okay to say and what things that shouldn't be said in situations like that. They equate it to the equivalent of learning C.P.R. It is C.P.R. for mental stress and mental distress and it is open for the community to attend.

Mayor Robertson read the following Proclamation into the record:

***A PROCLAMATION DECLARING MARCH 21, 2025
"DAY OF HOPE"***

WHEREAS, the City of Ely is committed to promoting organizations that support the positive mental health and well-being of all its citizens; and

WHEREAS, Hope Squad believes in the power of peer-to-peer connection to prevent suicide and they are committed to raising awareness of mental health issues, sharing hope, and saving lives; and

WHEREAS, currently, suicide is the 2nd leading cause of death in the United States for youth ages 10-17 years old; and

WHEREAS, in the last 2 years we as a community have suffered great loss.

NOW, THEREFORE, I, Nathan Robertson, Mayor of the City of Ely, do hereby proclaim March 21st as Day of Hope in the City of Ely and encourage the community to join our efforts in any way that is personally meaningful.

PROCLAIMED this 13th Day of March, 2025.

Signed,

Nathan Robertson
Mayor

Councilwoman Williams-Harper moved to approve the Proclamation declaring March 21, 2025 "Day of Hope" in the City of Ely. Councilman Trask seconded the motion. The motion carried unanimously.

2. Mayor Robertson – Discussion/For Possible Action – Acceptance of Michael Coster’s resignation as Municipal Court Judge effective April 4, 2025.

Councilwoman Van Camp stated I appointed Judge Coster several years ago, and I am sad that he's resigning.

Mayor Robertson stated Judge Coster has certainly brought a level of professionalism to our court that is enviable across the State. I doubt we would ever find anybody as qualified with as much prior experience as he has. I'm also sad to see him go.

City Attorney Arabia stated I've had the pleasure of appearing in court before Judge Coster, both as a criminal defense attorney and as the city attorney. I just want to say that I'm also sad that he's departing. I've enjoyed working with him, he's a good man, and I'm thankful that he served the City of Ely.

Councilwoman Elliott asked what is the backup plan when he resigns in April and who will be taking over that Muni Court?

Mayor Robertson stated we will be looking at a short list of options and people, and I'll be bringing that back to the Council as soon as I have that, hopefully at the next meeting. We also have some options to fill in if we don't have anybody picked by them.

Councilwoman Williams-Harper moved to accept Michael Coster’s resignation as Municipal Court Judge effective April 4, 2025. Councilwoman Elliott seconded the motion.

City Municipal Court Judge Coster stated as we discussed, should there be a need in the Two weeks after the planned departure, to stay while you find your future plans, I am available for that. I'm trying to minimize disruption as we discussed, and I thank you for your efforts as I put in writing.

The motion carried unanimously.

4. Mayor Robertson – Discussion Only – State of the City address.

State of the City Address by Mayor Nathan Robertson given during the March 13, 2025, City Council Meeting

Honorable Council Members, City Citizens, and Staff; I’m honored to be invited to give this report on the state of the City of Ely.

Much has happened in the past six years since I took office. I am honored to have served with eleven different City Council members over that time. I appreciate the leadership and insight from all of them. In that time City finances have been stabilized, and audits have been exemplary; thanks to input from staff and foresight from the City Council, whose ultimate responsibility the purse string are. The City has increased tax revenues without having to increase taxes and has implemented programs for rainy day savings. The Council has also been supportive of City Staff using these funds to update our equipment fleet, increase wages for City employees, and improve and work to implement grant programs that support businesses and property owners.

I’m pleased to report that due in part to workplace improvements and initiatives to support employees, open positions when they occur have been quickly filled. We know that in this current job market, well-qualified job seekers have many options for employment, and we are grateful for those that have chosen and continue to choose to work for the City of Ely.

In an effort to accomplish infrastructure improvements and upgrades that would outstrip the City’s budget, the City has sought and been approved for \$13.5 million in federal funds. These funds have been allocated to projects such as equipment to support EMS and Fire staff, water/sewer infrastructure, street improvements, and assisting law enforcement. While changes in the new administration have slowed the progress of some of these grants, I’d like to assure the

Council that staff has been working tirelessly to stay up to date with each of these projects and have worked closely with our congressional offices to ensure that these projects continue forward.

Many of these projects and improvements have been in the works for years. We certainly stand on the shoulders of elected officials and City employees that have come before us. Due to the foresight of the City Council from some ten plus years ago the City was able to start saving for the sewer and water infrastructure improvements that will need to be made in conjunction with the Nevada Department of Transportation (NDOT) Main Street project. This will total some \$5,000,000 worth of work that the City will be able to pay for with funds saved for this purpose.

I am proud to note these accomplishments and successes, however it does bring to mind a quote I read this week from former Supreme Court Justice Ruth Bader Ginsberg that "...the law is never finished." Government, similarly, can always be made more efficient, more effective and in so doing better at encouraging and enabling development. In our quest for improvement, I would encourage the Council to be committed to governance that treats all our citizens in a fair and equal manner, governance that invites and encourages growth but stays true to our unique identity as a community.

An area I would encourage this new Council to take notice of is the City of Ely business license system. Our current system has been in place for a number of years (decades I believe), and to say it is complicated would be putting it mildly. Our community needs a simpler, clearer system that maintains appropriate oversight and enforces public safety without unduly hindering businesses. In the coming months I will be working with staff to identify possible changes and will be bringing forward suggestions for the Council to discuss and consider; throughout the process I welcome suggestions and input. This will be a heavy lift, but I wholeheartedly believe it will pay dividends to make the licensing process easier for our business community.

In conjunction with the improvements that our downtown area will be receiving I would also like to impress upon the Council the need for the City to continue working towards the renovation and improvements to Broadbent Park and City Hall. The City cannot have the shabbiest property in our improved downtown. I applaud how far we have come in the planning and improvement process, and I thank White Pine County for their continued work with the Southern Nevada Public Land Management Act (SNPLMA) program to keep our grant for the Broadbent Park renovation going. We have some years, and much work left to do to get across the finish line. In the coming months I will share updates about where we are in seeking funding for these projects and suggestions on further directions we can take. Again, I would value any input and welcome the Council joining me in commitment to these objectives.

As we look at making the public dollars go as far as they can and being as efficient and effective as we can, I would like to reaffirm my commitment to having a fully operational and service-oriented City government. The byline that "we'd like government run like a business" makes a good headline and in many ways makes good sense. We certainly would like elected officials to be as careful with public monies as we assume they are with theirs. We'd like our annual budget planned and based on sound fiscal principles, but unlike businesses, the government's purpose is not to make money. The government's purpose is to provide services and protect the public interest. I am committed to ensuring that the City of Ely continues to provide the services that the citizens pay for and that we improve the quality of those services. To be able to respond to the needs and requests of our citizens should be the City's continual goal.

In closing I would like to again thank City Staff for their tireless and professional work that they do day in and day out on behalf of the City and I would like to thank the Council for inviting me to make this report and for the work they do on behalf of the City. Thank you.

5. Councilwoman Van Camp – Building Official Hendrickson – Discussion/For Possible Action – Approval to pursue amendment of the City of Ely Redevelopment Plan, enlarging its Area Boundary adding East Aultman Street and Great Basin Boulevard commercially zoned properties and a residential area in East Ely that is currently undeveloped.

Building Official Hendrickson stated the intent of this is to broaden the ability to fund areas that generally wouldn't receive funding for projects that are duly needed for this city to improve upon its appearance and its function.

Councilman Trask asked this is just approval to start the process as this is a long process, correct?

Building Official Hendrickson stated yes, how it would work is that we would start here with the approval to proceed, then, once that happens, the next step would be to do a survey and do legal descriptions of the additional properties that would be included in this zoning map. The zoning map would then be taken to the Regional Planning Commission for approval and once approved at that level, it would come back here to the Council for approval, and then from there the legal description of the Redevelopment Ordinance would be altered.

Councilman Trask moved to approve pursuing amending the City of Ely Redevelopment Plan, enlarging its Area Boundary adding East Aultman Street and Great Basin Boulevard commercially zoned properties and a residential area in East Ely that is currently undeveloped. Councilwoman Van Camp seconded the motion. The motion carried unanimously.

6. Councilman Perea – City Clerk Lee – Discussion/For Possible Action – Approval to submit a 2025 Shooting Range Grant Application to the Nevada Department of Wildlife on behalf of Steptoe Valley Trap Skeet & Target, Inc., (SVTS), a Nevada non-profit corporation; SVTS will be providing \$81,112 match for the \$811,120 grant.

City Clerk Lee stated NDOW did get in touch with me regarding this draft, and they didn't indicate any problems with the amount that is estimated to complete the Hunter Education Building. We were pleased to even see this NDOW grant funding opportunity because they did not have one last year. As Mitch mentioned during his public comment, they've been diligent in performing on their match. Your backup material shows that there's quite a bit from just equipment rental donations from before when the pump was initially installed for the well, that service was all donated. I would encourage the Council to recommend approval to apply.

Councilman Perea asked Mitch McVicars, “Do you have any concerns regarding the \$81,000.00 match?”

Mitch McVicars stated I honestly don't with the equipment costs, sand bedding, sand, and fuel. I believe the relationship we have with the different businesses in town will enable us to get a lot of that help and all of our labor goes to it as well.

Mayor Robertson asked you're planning to do the entire \$81,000 in in kind match?

Mitch McVicars stated yes, if it's needed up to that point. The septic system would be all dug and installed with volunteer help. All of our hours would be logged into it and obviously passed off by the licensed plumber that's there and the State to approve the installation. We still have to dig from the well to the other end of the building to install the water lines and there's some other water lines we want to get put in place while we're out there digging. From past experience out there digging, it is pretty hard ground, so that time of equipment out there running should take a couple weeks to get everything dug.

Councilman Perea stated I did have a brief discussion with City Clerk Lee and I do believe since we only have a \$1 charge that we're charging on that lease, the lease could be considered part of the match. We might be able to help with that, but she said that she was going to check with NDOW. If that doesn't come to fruition \$81,000 is a chunk.

Mayor Robertson asked for the in-kind match, does NDOW have to have a pre-approved rate list or how is that determined?

City Clerk Lee stated the rate lists are turned in with the reimbursement request, but that brings up the important point that the Trap Club will need to stay ahead, so to speak, on the match, because when we have reimbursement requests, the match has to be ready at that point to submit. They want a certain percentage with every reimbursement request, or they reduce the amount reimbursed to us.

Mayor Robertson stated the question being, how do they settle on what an hour worth of backhoe work is worth?

City Clerk Lee stated there isn't a problem with that, you'll notice with the application it is way below what equipment operators are paid. When our CDBG eligibility matrix was completed, the rate was \$78 an hour, but I couldn't put that because that would have put us over the match on paper. So, to meet our match on paper for application purposes, I reduced that. You know these are estimates and this is kind of fluid, so we can adjust that.

Mayor Robertson asked, "they got a copy of the rates with the application?"

City Clerk Lee stated yes.

Scott Laity with the Steptoe Trap, Skeet, and Target Club stated I have worked with Jennifer on this in the past and to answer your question about the equipment rentals what we did is we had to get three bids for equipment rentals, and then we could use those equipment rentals to get a good value for the rental on the equipment. If they were all \$1000 an hour then that's what we went with, but if one was \$500, then they would expect us to use the \$500 bid. It comes down to getting three bids and using the least good option we can.

Councilman Perea moved to approve submitting a 2025 Shooting Range Grant Application to the Nevada Department of Wildlife on behalf of Steptoe Trap Skeet & Target, Inc., (SVTS), a Nevada non-profit corporation; with SVTS providing \$81,112 match for the \$811,120 grant. Councilman Trask seconded the motion. The motion carried unanimously.

8. PUBLIC COMMENT

George Chachas stated ongoing concerns regarding his request for the address and a contact name regarding the Bell Avenue Water Main Upgrade Project CDBG 22/pf/04 and who inspected the project; a request for a copy of the letter sent to Ralph Jones and Tina Templer outlining the terms requested of them for consideration to write off penalties and interest on their property utility bills; a permit application to allow him to park behind the sidewalk on his property located at 710 Avenue G and Great Basin Boulevard; the sewer problem he took care of at his residence located at 681 Parker; the water line and water meter replacement for the Cal Ranch store; 582 Highway North 93 property hooking up to City sewer, water, and has not put in a fire hydrant; Code violations by members of the Planning Commission, some City Council Members, some County Commissioners, and staff; the drainage off of the Bath property draining onto his property at 622 High Street causing erosion; and if there have been any RVs permitted in the City of Ely and if so are they paying utilities.

9. ADJOURNMENT: THE MEETING MAY BE ADJOURNED BY APPROPRIATE MOTION OF THE CITY COUNCIL.

Councilman Trask moved to adjourn the regular meeting of the Ely City Council at 5:45 p.m. Councilwoman Williams-Harper seconded the motion. The motion carried unanimously.

MAYOR

ATTEST
