Dear Citizens of Ely,

It has always been good advice to regularly contact your elected representatives and leaders. This includes not only our Congressman, Senators, and State representatives but also your local commissioners and council members, president, governor and mayor. In connection with this letter, I've included a contact list of e-mail addresses, contact pages and phone number or web locations where the contact information can be had for these individuals.

During this time while these leaders are advocating for and sending out assistance through various programs and planning procedures and time lines for reopening our economy, it is important to hear ideas and updates from their constituents. If assistance programs have an oversight or an unintended loophole; if you are aware of a particular problem that hasn't been addressed; or if your particular business hasn't been addressed in opening plans or procedures, please reach out where you can.

A handwritten signature in blue ink, appearing to read "Nathan Robertson", is written over a horizontal line.

Nathan Robertson, Mayor
