It is that time of the year again to kick-off the **Elko Spring 2024 Plant Sale**. This fundraising event is for the Silver Sage FFA Chapter at Spring Creek High School, in partnership with Nevada Division of Forestry. It allows students to raise money for club events and competitions, as well as provide locally adapted, affordable trees, shrubs, forbs and grasses to local landowners.

These plants are sold to landowners **outside of incorporated** city limits (for example, Spring Creek, Osino, Ryndon, Tuscarora, Owyhee and Lamoille are all eligible) who have 1 acre or more of land and intend to conserve and enhance Nevada's natural resources on their land through conservation plantings, such as:

- Windbreaks
- Shelterbelts
- Woodlots
- Erosion control
- Wildlife habitat
- Christmas tree farms
- Streambank stabilization
- Greenstripping
- Mine reclamation
- Reforestation

We are providing an **order form that must be completed and mailed with a check or money order made payable to Spring Creek High School** for the full amount of the order. Order forms must be received **no later than Wednesday, April 17th** to ensure that your order can be processed at the Washoe State Nursery. Late or improperly sent payments will not be accepted. Quantities are limited, so first come, first served.

<p><b>Description of Project:</b></p> <p>The Ely Cemetery is a multigenerational cemetery within a multi-ethnic community and is located along the town's main street and visible to the community and visitors. Numerous large trees on the property are dead or dying. Boleana Poplars compose a large proportion of Ely's urban forest, many of which are declining citywide, potentially tied to a lowering water table, while other species such as spruce are overstocked leading to poor health. Removal of dead and thinning of over dense trees is needed to improve the grove health, along with the replacement of dead and dying trees with more climate adapted and resilient tree species. This decline in urban forest health calls for a survey of the public trees in Ely and will be done cooperatively with White Pine County and tribal communities to update the last survey which is over 10 years old.</p>
