## **Ely, Nevada – December 1, 2021**

The City of Ely applauds the passage of the Infrastructure Investment and Jobs Act (IIJA) and extends its gratitude to its Federal legislators for their work on this historic legislation which will serve Nevada and the Ely community well into the future.

The City is especially grateful to Senator Rosen, Senator Cortez Masto, and Congressman Horsford for all that they and their staff have done to ensure the bill's passage through Congress.

The IIJA contains much needed water infrastructure funding that the City can use to update wastewater treatment infrastructure, upgrade water lines, increase water storage capacity, and improve water conservation.

These projects will have a tangible positive impact on the Ely community, and the funding enacted in the IIJA will greatly assist the City in completing these high priority infrastructure initiatives.

The City of Ely hopes to receive Infrastructure Investment and Jobs Act funding, which will be put to work for the benefit of the entire community, and looks forward to continued engagement with the Nevada Congressional delegation on this issue and others of great importance to Ely and its residents.

**Nathan Robertson**  
**Mayor City of Ely**
