

**POSTPONED**  
NEW DATE COMING SOON

Due to a delay in having the fiber optic line located before digging, the activities that were planned for May 7, 2026 will be rescheduled to sometime in June!

We will let you know as soon as the date is confirmed!

The activity will be a tree planting to be held in coordination with the Learning Bridge Charter School. Nevada Plants, a 501c3 Nonprofit, is donating trees for the project!
