Andrew Hayes
City of Ely Animal Control
501 Mill St.
Ely, NV 89301

Dear Andrew,

Humane Network is pleased to inform you that Maddie's® Pet Project in Nevada (MPP-NV) has approved a grant in the amount of \$500 (the "Grant") to City of Ely Animal Control to support data reporting as indicated below in this letter. Please find a check for this amount enclosed.

This data grant is given to City of Ely Animal Control indicating that the organization has met animal volume qualifications, provided data for 2017 in Shelter Animals Count and in MPP-NV's own data collection form, and is committed to providing data for 2018. The funds offset the time and effort required to track and report data.

On behalf of all of us at Maddie's® Pet Project in Nevada and Humane Network, we wish you the best of success in your important work on behalf of the animals of Nevada.

Sincerely,

A handwritten signature in cursive script that reads "Diane Blankenburg".

Montie:

I am in receipt of your email below. Please know that the Animal Control Advisory Board is working on placing this type of information on the Animal Control Facebook page. In the meantime, I will send this to the Ely Times to see if we can get your donors acknowledged. I will also ask Jennifer to place it on the next agenda as part of my report for Animal Control.

Thank you for all that you do for the animals of White Pine County. You are a gem and we appreciate all of your work.

Charles H. Odgers, Esq.

Subject: Embedded collar pound dog

City Council Members, Mayor VanCamp & Attorney Odgers, 1/14/19
As you may or may not be aware, on the evening of January 9th, 2019 animal control received a call concerning an abandoned dog with an embedded collar that had been hanging around one of the mining camps out near the Bald Mountain Mine. Even though the dog was skittish and scared, it was able to be caught and taken to animal control by ACO Andrew Hayes. Andrew immediately cut the dog's collar off in order to relieve the pressure and allow the dog to be more comfortable.

The next day Andrew took the dog to Dr. Jenny Holt at the White Pine Veterinary Clinic to be treated for the wound and infection on its neck. After being put out under anesthesia, the wound was cleaned, treated and dressed and the dog was released that day with pain meds &

antibiotics, leaving an over-all cost of \$277.50. Thanks to the generous animal-loving public, both local and non-local, who have donated to a medical/vet/care fund that I manage to take care of pound & homeless animals in situations like this, the entire amount of this bill was paid in full out of this fund.

The reason I have written this letter is because I feel that even though many of these donors choose to remain anonymous, it is still important for the public to be recognized for what they do for animal control and the animals in need of White Pine County, and this is just one of the MANY ways that they have contributed!

I am very happy to see that Ely Animal Control has since received funding from Maddie's Pet Project to help with situations like this in the future, leaving the money in the medical/vet/care fund that I have to help the homeless animals in need that do not end up at animal control.

It should also be known that this same animal-loving public (local & non-local) are the ones who have also contributed to the fuel fund that I manage, which covers the fuel costs when myself and other drivers have transported our excess pound animals out-of-town to other no-kill shelters to prevent them from being euthanized due to no room at our local animal control facility.

Always dedicated to the animals,
Montie Lyn Liebsack
