**Nevada matters. Be counted.**

**Commenter:** Cheyenne Gibson

**Organization:** Nevada Census 2020

**Ely City Council, Public Comment:**

Good evening, my name is Cheyenne Gibson and I am a regional coordinator with the Nevada Census 2020 Outreach team. I wanted to take this opportunity to give the Ely City Council a census update.

Nevada's response rate is 59.4%. The City of Ely response rate is 50.8%. White Pine County response rate is 37.8%.

The U.S. Census Bureau has begun its update leave operation, where 2020 Census forms are hand-delivered to residences that either do not have mail delivered to the physical location of the home, or the mail delivery information for the residence cannot be verified. This process is to ensure all Nevadans — particularly in rural communities — are counted. Once the paper forms begin to be submitted there should be a jump in our response rates.

There will be no contact between census employees and household members during the Update Leave process. Forms will be left at the residence.

All of us will be receiving our paper form, if we haven't already. If you have already filled out your census online or by phone, the paper form can be disregarded. Any reminders that come in the mail can also be disregarded.

A large majority of White Pine County and the City of Ely still needs to be counted. We have until the end of October 31<sup>st</sup>, 2020 to self-respond.

In light of public health concerns, we continue to encourage our communities to complete their census from the safety of their homes. As community leaders and trusted voices, you can help by:

- Achieving a 100% response rate from your agency.
  - If your agency reached 100%, send me an email and our team will shout your out on our social media platforms!
- Highlight the 2020 census in your agency e-mails, bulletins, newsletters, and mailings to increase awareness of why the census important.

**Nevada matters. Be counted.**

- Use your social media pages to get the word out. Post your own social media messages and videos about the importance, security and ease of completing the Census.
- Follow, like, and share content from the official Nevada Census 2020 social media platforms @NVCensus2020.
- Volunteer to write a letter to the editor or a guest column in your local newspaper about participating in the 2020 Census will improve your community.

The census informs where billions of dollars of federal funding will go for the next ten years. It is crucial for our community to be counted so we do not lose out on funding that keeps us safe, healthy, and educated.

Thank you.

Congratulations! Kinross Bald Mountain Donation Recipient

May 19, 2020

Nathan Robertson  
Mayor  
City of Ely  
Ely, NV 89301

Dear Mr. Mayor:

Kinross Bald Mountain Mine is pleased to offer financial support of the City of Ely's revolving loan program in the amount of \$20,000.

We know it is important to invest in programs that support our community and its residents, especially in times of need such as during the COVID-19 situation. Our hope for this donation is to help with the economic recovery of small businesses in Ely, and to help community members return to a higher quality of life as those local businesses are patronized going forward.

It's important to us to remain involved in every project/program we fund so we can accurately track the positive impacts of our donations. To assist with this, we encourage you to send us any photographs, success stories or community perspectives, and any other information that may help us gain a clear picture of how the revolving loan program benefits the community.

Thank you for having such a positive impact on our community and allowing Kinross Bald Mountain to play a part.

Sincerely,

*Suzanne Featherston*

## **STREET DEPARTMENT**

During the month of May the street department picked up 2 loads of crs-2 from North Salt City to be used in dura patch and cold mix projects. We dura patched in several areas throughout Ely. We skim patched a rough section to tie into a skim patch on Avenue C that we had previously patched with cold mix. We also paved over a block on Strandman Street that was mostly dirt using cold mix. We crack sealed streets in Ruth to prep for the planned slurry seal project this summer. We owed the county hours from last summer and the crack sealing brought our hours close to even. We also had a demonstration of an Elgin mechanical street sweeper between us and the county road department as a possible future joint purchase through the RTC. During June we will receive a demonstration of a Johnston mechanical sweeper to compare with it. Also in June we plan to dura patch roads for the county road department to trade hours for anticipated hours the county will use in some upcoming chip seal jobs.
